# International Symposium on Cyber सुरक्षा

## Awareness & Vigilance for Digital Forensics

**Date: 2<sup>nd</sup> & 3<sup>rd</sup> January 2024**

**Venue:**

**National Forensic Sciences University,  
Dharwad, Karnataka, India**

## ABOUT WORKSHOP

**Cyber Surksha** : Awareness & Vigilance for Digital Forensics. In an era defined by interconnectedness, our reliance on digital technology has reached unprecedented heights, opening new frontiers and opportunities. However, with these advancements comes an inevitable surge in cyber threats and vulnerabilities. This workshop aims to equip you with the essential knowledge and skills to act as a cyber sentinel – a guardian of the digital realm. As we delve into the world of digital forensics, we will explore the intricacies of cyber threats, the importance of proactive awareness, and the role of vigilant practices in safeguarding our digital landscape. Through engaging discussions, hands-on exercises, and insights from experts in the field, you will gain a deeper understanding of the cyber threats that permeate our modern world and learn how digital forensics can play a pivotal role in mitigating risks. Join us on this journey to become a Cyber Sentinel, where awareness and vigilance are the keys to navigating the ever-evolving digital frontier. Together, let's empower ourselves to safeguard digital ecosystems and ensure a secure and resilient future.
