Partners:

Advanced Forensic Post Mortem Imaging & 3D Visualization Technology

NATIONAL FORENSIC SCIENCES UNIVERSITY (NFSU)

The National Forensic Sciences University with the status of an Institution of National Importance is the world's first and only University dedicated to forensic, security and investigative sciences. It was established by the Government of India through Act, 2020 (32 of 2020) with the objective of fulfilling the acute shortage against the increasing demand for forensic experts in the country and around the world.

SCHOOL OF MEDICO-LEGAL STUDIES (SMLS)

The School of Medico-Legal Studies(SMLS) is one of the constituent school of National Forensic Sciences University that was established mainly to create professionals in the field of medico-legal sciences and other allied disciplines. The school is mandated to impart education, research, training and consultancy in the areas of medico-legal and medico-social and other allied areas. This school has come into existence for the effective teaching and learning with excellent advances in human bio sciences and also in other areas pertaining to the investigation of crime against individuals. This also has extended its ambit in imparting skills and knowledge with the creation of professional experts for the service to the humanity. At present the school offers courses like M.Sc. Toxicology, M.Sc. Forensic Dentistry, Postgraduate Diploma in Forensic Toxicology, Postgraduate Diploma in Humanitarian Forensics and Diploma in Forensic Nursing and M.Sc. Forensic Nursing (expected commencement from October).

VIRTUAL AUTOPSY and 3D FORENSICS

Newer technologies like 3D scanning, 3D printing, virtual autopsy are gaining popularity in the field of forensic due to its capability to provide information in all three axes when compared to 2D photographs. Virtual autopsy technique uses the modern radiographical aids like computed tomography (CT) and/or magnetic resonance imaging (MRI) to scan the bodies and obtains a more sensitive, specific, and accurate result than that of the conventional autopsy. 3D technology promotes humanitarian approach as the entire process is being conducted as a non-invasive procedure. The major advantage of the 3D model is that it allows better visualization, interpretation, preservation and understanding of valuable evidentiary clues.

The International Symposium on Virtual Autopsy and 3D Forensics is first of its kind symposium in India that mainly focuses on the role of 3D technologies in medico-legal investigations. It aims to bring the eminent experts and technology partners in a single platform to impart the knowledge on basics of 3D technology in forensic sciences and its applications in medico-legal investigations. The scientific sessions and hands on workshop shall provide the participants with the broader knowledge and technical skills for better understanding of the technology.

Who should attend?

- Forensic Experts
- Investigating officers
- Police Officers
- Law Enforcement Personnel
- Healthcare Professionals
- Academicians
- Researchers

EMINENT INTERNATIONAL SPEAKERS

Dr. Yanko Kolev
Head - Forensic Medicine
Bulgaria

Dr. Hemanth Naik
Consultant Forensic Specialist
UK

Dr. Shishir Kumar
Professor - Anatomy
Mauritius

Dr. Fabrice Dedouit
Forensic Radiologist
France

Ms. Noreen Charlton
Founder, Case Files Crime Scene
USA

EMINENT NATIONAL SPEAKERS

Prof. (Dr.) Yogender Bansal
Prof and Head - Forensic Medicine
PGI Chandigarh

Prof. (Dr.) Sanjay Gupta
Prof and Head - Forensic Medicine
AIIMS Rajkot

Prof. (Dr.) G. Rajesh Babu
Prof and Dean
SMLS, NFSU Gujarat

Dr. Suresh Ludhwani
Director - IDDS
Gujarat

Dr. Venkanna
Sr. Scientific Officer - CLUES Team
Hyderabad Police

Dr. Sharada CV
Assistant Professor
IIT Gandhinagar

Dr. Abraham Johnson
Assistant Professor
SMLS, NFSU

Dr. Gargi Jani
Project Lead, DPAA-NFSU

Mr. Mohit Bauntyal
Technical specialist, FARO

Ms. Shalvi Upadhyay
Account Manager, FARO

Ms. Ayushi Bhan
Account Manager, Materialise

Mr. Saksham Rastogi
Sr Engineer, Altern Technologies

Ms. Aishwarya Shiroor
Technical Specialist, Altern Technologies

Programme Schedule

Day - 1

Registration	8:00 - 9:00 IST
Scientific Session - I	9:00 - 9:30 IST
Scientific Session - II	9:30 - 10:00 IST
Inaugural Event	10:00 - 10:45 IST
Hi-Tea and Photography	10:45 - 11:00 IST
Scientific Session - III	11:00 - 11:45 IST
Scientific Session - IV	11:45 - 12:30 IST
Scientific Session - V	12:30 - 13:15 IST
Lunch Break	13:15 - 14:00 IST
Scientific Session - VI	14:00 - 14:30 IST
Demonstration and Hand-on	14:30 - 15:30 IST
Scientific Session - VII	15:30 - 16:00 IST
Panel Discussion	16:00 - 17:00 IST

Day - 2

Scientific Session - VIII	9:00 - 9:30 IST
Scientific Session - IX	9:30 - 10:00 IST
Scientific Session - X	10:00 - 10:30 IST
Hands-on Workshop	10:30 - 11:30 IST
Hi-Tea	11:30 - 11:45 IST
Scientific Session - XI	11:45 - 12:30 IST
Scientific Session - XII	12:30 - 13:15 IST
Lunch Break	13:15 - 13:45 IST
Scientific Session - XIII	13:45 - 14:30 IST
Scientific Session - XIV	14:30 - 15:15 IST
Scientific Session - XV	15:15 - 16:00 IST
Hands-on Workshop	15:00 - 16:00 IST
Valedictory	16:00 - 17:00 IST
