1. Preamble

Forensic Science Laboratories (FSLs) in the Union Territories of Jammu, Kashmir and Ladakh are facing an acute shortage of skilled manpower for disposal of pending cases. Currently, FSLs are hiring professionals on contractual basis with a view to provide assistance to expedite finalization of forensic reports.

Forensic science curricula as well as the quality of forensic science education imparted vary widely across the country. There is also certain disconnect between the theory component and corresponding practical exercises along with skill development.

The Ministry of Home Affairs (MHA) has decided to conduct a Test with the objective of benchmarking forensic science post-graduates and professionals for the Union Territories of Jammu, Kashmir and Ladakh.

A consolidated list of qualified personnel will be made available for recruitment to Forensic Science Laboratories (FSLs) which can utilize the services of these qualified professionals for need-based and short term skilled forensic assignments to expedite disposal of pending cases. This state level test ensures minimum standard for forensic science post-graduates involved in conducting laboratory tests of crime evidence in FSLs in the Union Territories of Jammu, Kashmir and Ladakh. Availability of better qualified professionals will contribute in ensuring the quality of forensic science services across the country.

2. J&K FACT and FACT Plus

Forensic Aptitude and Caliber Test (FACT) and FACT Plus are All-India Tests that aim to test the comprehensive aptitude and skills in Post Graduate subjects in Forensic Science. FACT is a screening test being introduced since 2018 as a test of forensic science caliber for students obtaining their degrees from various universities. The FACT qualification of a candidate reflects the relative knowledge and certifies minimum level of understanding of forensic science.

The FACT (Basic examination for post-graduate candidates) will test the candidates in pure sciences to understand their command over basic concepts. FACT Plus (Advanced level of examination for post-graduate candidate who have cleared NET/GATE/GPAT) will test the aptitude of the candidates towards forensic science related matters.

FACT qualification is intended to be used as a qualifying criterion for recruitment by FSLs and other such agencies. The test will be conducted for two levels i.e. FACT for assessing the skill level of the candidates to analyze the crime exhibits referred to the FSLs and interpret the results with basic training to assist in simple cases and FACT Plus for testing the candidates as specialized personnel to handle precision instruments and infer precise results. The eligibility for recruitment for FACT qualified candidates will be subject to fulfilling the criteria laid down by the recruiting organization.

3. National Forensic Sciences University (NFSU), Delhi Campus

National Forensic Sciences University (NFSU), Delhi Campus, is the World's First Forensic Sciences University for forensic science education and training. MHA has entrusted NFSU, Delhi Campus (LNJN NICFS) with the responsibility of conducting J&K FACT.

4. Structure of J&K FACT 2023

J&K FACT 2023 will consist of objective type questions and will be conducted as an offline test. The test will be of 2-hour duration and shall consist of two Parts: **Section A** and **Section B**. The questions will be so designed as to measure the forensic aptitude and skills required to handle scientific tests of crime material exhibits from crime scenes and interpretations of test results at the Scene of Crime and/or forensic laboratories to deduce their evidential values.

Section A shall be compulsory to all candidates for testing the aptitude in Forensic Science.

Section B shall consist of FIVE specialized forensic science subjects viz., Forensic Physical Sciences (Ballistics, Document and Physics), Forensic Biological Sciences (Serology and DNA), Forensic Chemical Sciences (Toxicology, Chemistry, Narcotics and Explosives), Cyber Forensics (Mobile Forensic, Audio-Video, etc.) and Forensic Psychology. A candidate has to **attempt any one of these Five** specialized Forensic Science subjects.

The test consists of only multiple-choice questions and will be a mix of questions of low, moderate and high level of difficulty. Four possible options (A), (B), (C) and (D) will be given for each question of which only one option will be correct. There will be no negative marking. The marking scheme will be included as part of the Instructions to the online test.

- (iv) Some candidates are also mandated to have studied specified subjects at the graduate level.

(v) There is no upper age limit.

(vi) A candidate may appear in FACT or FACT Plus any number of times.

Table 1: Details of educational qualifications for eligibility for FACT and FACT Plus are as follows:

Elective Subjects	Qualifying degree	Mandatory subject at graduate level
Forensic Physical Sciences	<u>Forensic Physics</u> MSc in Physics / Biophysics / Applied Physics	None
	Bachelor of Engineering (Civil/Electrical/Mechanical/Electronic/ Telecommunication/Computer Science/Instrumentation)	Not applicable
	M.Sc. in Forensic Science	Physics
	<u>Forensic Ballistics</u> M.Sc. in Physics / Applied Physics/ Mathematics/Applied Mathematics	None
	M.Sc. in Forensic Science	Physics or Mathematics
	<u>Forensic Document</u> M.Sc. in Physics	None
	M.Sc. in Chemistry / Biochemistry	
	AIC by examination	
M.Sc. in Forensic Science	Physics or Chemistry	
Cyber Forensics	BTech/BE in Computer Science / Electrical / Electronic engineering	Not applicable
	Master's Degree in any subject and Certification /Diploma in Cyber Forensics/Information Security	None
	Master's Degree in Physics/ Mathematics/ Applied Mathematics/ Forensic Science	None
	M.Sc. in Digital Forensics and Information Security	None
Forensic Biological Sciences	Master's Degree in Botany / Zoology /Microbiology/ Biotechnology/ Biochemistry/ Physical Anthropology/ Forensic Science/ Genetics	Botany or Zoology
	M.Sc. in Forensic Odontology	None
Forensics Chemical Sciences	Master's Degree in Chemistry/ Toxicology/ Biochemistry / Pharmacology/ Pharmacy/Forensic Science	Chemistry
	Associateship of Institute of Chemist (AIC) by examination	
Forensic Psychology	Master's Degree in Psychology/Criminology	None
	Master's Degree in Forensic Science	Forensic Psychology or Forensic Criminology

Table 2. Details of additional qualification/experience for eligibility for FACT Plus are as follows:

Elective Subjects	GATE	CBSE UGC NET	CSIR UGC NET	GPAT	Experience
Forensic Physical Sciences	Physics/Mathematics/ Electronics and Communication Engineering/ Electrical	Electronic Science / Forensic Science	Physical Sciences / Mathematical Science/	---	---

	Engineering / Chemistry /Chemical Engineering		Chemical Science		
Cyber Forensics	Electronics and Communication Engineering/ Electrical Engineering / Computer Science and Information Technology/ Physics/ Mathematics	Computer Science and Applications / Electronic Science / Forensic Science/ Criminology	Physical Sciences/ Mathematical Sciences	---	---
Forensic Biological Sciences	Ecology and Evolution / Life Science /Biotechnology	Environmental Science / Anthropology / Forensic Science	Life Science	---	---
Forensics Chemical Sciences	Chemistry / Chemical Engineering	Forensic Science	Chemical Sciences	GPAT	---
Forensic Psychology	---	---	---	--	3 years of post-qualification experience in analytical methods and/or research in the relevant field

5.2 Eligibility Criteria for Persons with Disabilities (PwD)s
