(Fill by 16th May, 2025 Friday 18:00 hrs.)

Content:

The National Forensic Sciences University is the world's first University dedicated to Forensic Sciences. The University is committed to triangular capacity building through education, research, and training. It strives to bridge the gap between Forensic Sciences and Law Enforcement, ensuring an integrated and effective approach to Crime Investigation and Justice Delivery. The University has 10 campuses.

LNJN NICFS, NFSU Delhi campus is conducting a research study titled **“Risk Assessment and Prevention of Sex Offence and Intimate Partner Abuse in India”**. This study aims to identify and manage risk factors and behavioral patterns among sex offenders and intimate partner violence abusers for preventing future violence.

The NFSU invites senior faculty members from recognized university having focus on **Criminology, Clinical Psychology, and Counselling Psychology in Chennai, Bhopal, Mumbai, Kolkata**. During the following three years, they alongwith academic teams would collaborate the following.

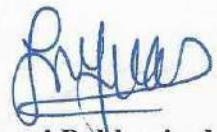

1. By July 31 2025 (risk assessment validation term): working with validation of risk assessment of sex offender in prison data and risk assessment of intimate partner abuser among NGO victim clients. 2-3 Professors and 6-8 post graduate students would be included.
2. From August 1 2025 to December 31 2027 (risk management term): leading post graduate student to assess and treat sex offender and intimate partner abuses, lead and open monthly risk review meeting with police officers, probation officers, and NGO.

If you have any questions, you can write to project_riska@nfsu.ac.in. Committed and passionate faculty members working in these areas are welcomed to register on below mentioned link by the 16th May, 2025 Friday 18:00 hrs. Website:-
