

ADMISSIONS OPEN FOR ACADEMIC YEAR 2025-26

SCHOOL OF MEDICO-LEGAL STUDIES

ABOUT THE UNIVERSITY

- The National Forensic Sciences University with the status of an Institution of National Importance is the world's first and only University dedicated to forensic, investigative, security and allied sciences.
- Established by the Government of India through Act, 2020 (32 of 2020) with the objective of fulfilling the acute shortage against the increasing demand for forensic experts in the country and around the world.

M.Sc. Forensic Nursing

Forensic Nursing is a specialized area of nursing that combines nursing skills with forensic science knowledge to provide healthcare to individuals who are affected by violence, trauma, or crime. A postgraduate course in forensic nursing can provide nurses with advanced skills and knowledge to work in a range of settings, such as emergency departments, sexual assault treatment centers, correctional facilities, and forensic psychiatric units.

Course duration: 2 year (four semesters)

- Established by the Government of India through Act, 2020 (32 of 2020) with the objective of fulfilling the acute shortage against the increasing demand for forensic experts in the country and around the world.

M.Sc. Forensic Dentistry

Forensic Dentistry is a discipline of the forensic sciences concerned with the proper handling, examination and evaluation of dental evidence in criminal or civil legal proceedings. Forensic odontologists perform examinations required by medical examiners, law enforcement and judicial agencies. They work to identify victims and perpetrators, usually by examining and comparing dental records with human remains and pattern injuries such as bite marks.
