INSTRUCTION FOR ONLINE BID SUBMISSION

The bidders are required to submit soft copies of their bids electronically on the Central Public Procurement (CPP) Portal i.e. <http://eprocure.gov.in/eprocure/app>, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

REGISTRATION

Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL:<https://eprocure.gov.in/eprocure/app>) by clicking on the link "Online Bidder Enrolment" option available on the home page. Enrollment on the CPP Portal is free of charge.

During enrolment/ registration, the bidders should provide the correct/ true information including valid email-id & mobile no. All the correspondence shall be made directly with the contractors/ bidders through email-id provided.

As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.

Any bidder from a country that shares a land borders with India will be eligible to bid in any procurement whether of goods, services (including consultancy services and non-consultancy services) or works (including turnkey projects) only if the bidder is registered with the competent authority as mentioned in the GFR 2017 Rule 144(xi).

For e-tendering possession of valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) is mandatory which can be obtained from SIFY /nCode/eMudra or any Certifying Authority recognized by CCA India on e-Token/Smartcard.

Upon enrolment on CPP Portal for e-tendering, the bidders shall register their valid Digital Signature Certificate with their profile.

Only one valid DSC should be registered by a bidder. Bidders are responsible to ensure that they do not lend their DSCs to others which may lead to misuse and should ensure the safety of the same.

Bidder scan then login to the site through the secured login by entering the user ID/password and the password of the DSC/e-Token.

SEARCHING FOR TENDER DOCUMENTS

There are various search options built in the CPP Portal to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, organization name, location, date, value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as organization name, form of contract, location, date, other keywords, etc., to search for a tender published on the CPP Portal.

Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective 'My Tenders' folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.

The bidder should make a note of the unique Tender ID assigned to each tender, in case the bidder has to obtain any clarification / help from the Helpdesk.

PREPARATION OF BIDS:

1. For preparation of bid, Bidders shall search the tender from published tender list available on site and download the complete tender document and should take into account the corrigendum if any published before submitting their bids.
After selecting the tender document same shall be moved to the 'My favorite' folder of the bidders account from where the bidder can view all the details of the tender document.
2. Bidder shall go through the tender document carefully to understand the documents required to be submitted as part of the bid. Bidders shall note the number of covers in which the bid documents have to be submitted, the number of documents – including the names and content of each of the documents that need to be submitted. Any deviations from these may lead to rejection of the bid.
3. Any pre-bid clarifications if required, then same may be obtained online through the tender site, or through the contact details given in the tender document.
4. Bidders should get ready in advance the bid documents in the required format (PDF/xls/rar/dwf/jpgformats) to be submitted as indicated in the tender document/schedule. Bid documents may be scanned with 100dpi with black and white option which helps reduce size of the scanned document.
5. Bidders can update well in advance, the documents such as experience certificates, annual reports, PAN, EPF & other details etc., under the "My Space/ Other Important Document" option, which can be submitted as per tender requirements. This will facilitate the bid submission process faster by reducing upload time of bids.

SUBMISSION OF BIDS:

1. Bidder should log into the site well in advance for bid submission so that he/ she upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay.
2. Bidder should prepare the EMD as per the instructions specified in the NIT/tender document. The EMD shall be submitted in favour of "Campus Director, NFSU Gandhinagar Campus" and payable at Gandhinagar. The details of the DD/BC/BG/ others physically sent should tally with the details available in the scanned copy and the data entered during bid submission time. Otherwise the uploaded bid will be rejected.
3. While submitting the bids online, the bidder shall read the terms & conditions (of CPP portal) and accepts the same in order to proceed further to submit their bid.
4. Bidders shall select the payment option as offline to pay the EMD and enter details of the DD/BC/BG/others.
5. Bidder shall digitally sign and upload the required bid documents one by one as indicated in the tender document.
6. Bidders shall note that the very act of using DSC for downloading the tender document and uploading their offers is deemed to be a confirmation that they have read all sections and pages of the tender document without any exception and have understood the complete tender document and are clear about the requirements of the tender document.
7. Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document. For the file size of less than 1 MB, the transaction uploading time will be very fast.
8. If price quotes are required in XLS format, utmost care shall be taken for uploading Schedule of quantities Prices and any changed/modification of the price schedule shall render it unfit for bidding.

Bidders shall download the Schedule of Quantities & Prices i.e. Schedule-A, in XLS format and save it without changing the name of the file. Bidder shall quote their rate in figures in the appropriate cells, there after save and upload the file in financial bid cover (Price bid) only.

If the template of the Schedule of Quantities & Prices file is found to be modified /corrupted in the eventuality by the bidder, the bid will be rejected. The bidder's are cautioned that uploading of financial bid elsewhere i.e. other than in cover1 (Financial Bid) will result in rejection of the tender.

9. Bidders shall submit their bids through an online e-tendering system to the Tender Inviting Authority (TIA) well before the bid submission end date & time (as per Server System Clock). The TIA will not be held responsible for any sort of delay or the difficulties faced during the submission of bids online by the bidders at the eleventh hour.
10. After the bid submission (i.e. after Clicking "Freeze Bid Submission" in the portal), the bidders shall take print out of system generated acknowledgment number and keep it as a record of evidence for online submission of the bid, which will also act as an entry pass to participate in the bid opening.
11. Bidders should follow the server time being displayed on the bidder's dash board at the top of the tender site, which shall be considered valid for all actions of requesting, bid submission, bid opening etc., in the e-tender system.
12. All the documents being submitted by the bidders would be encrypted using PKI (Public Key Infrastructure) encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128-bit encryption technology.

“Procurement of Unity Pro Software with Compatible Hardware”

Manufacturer _____ **Brand** _____ **Model** _____

Sr. No.	Technical Specifications	Numeric Values & Other Information	Whether Comply (Yes/No)
Unity Pro Specification			
For Crime Scene Animation, Reconstruction, and Visualization			
Overview			
	Unity Pro is a high-performance, real-time 3D development platform ideal for creating detailed and interactive simulations of crime scenes. It offers professional-grade tools that enable forensic experts, law enforcement agencies, and legal professionals to accurately reconstruct incidents, visualize events from multiple perspectives, and create immersive courtroom presentations.		
Key Features			
1.	Advanced Visualization Capabilities		
	Photorealistic Rendering: Render accurate, high-resolution 3D environments representing crime scenes with realistic lighting, textures, and materials.		
	Multiplatform Deployment: Deploy reconstructions across various platforms—desktop, mobile, web, or immersive AR/VR headsets—facilitating both field and courtroom usage		
	Real-Time 3D Simulation: Simulate events dynamically (e.g., bullet trajectories, line-of-sight analysis, or vehicle collisions) using Unity’s physics engine and animation system.		
2.	Scene Reconstruction Tools		
	Support for 3D Scans & GIS Data: Integrate LiDAR data, photogrammetry, and mapping resources into your scenes for accurate terrain and object placement.		
	Timeline & Animation System: Precisely animate sequences of events (e.g., movements of suspects, vehicles, or objects) to demonstrate scenarios with temporal clarity.		
	Cinemachine Camera System: Create cinematic and forensic camera paths for multiple perspectives (e.g., witness view, aerial overview, suspect view).		

3.	Immersive and Interactive Elements		
	AR/VR Integration: View and explore crime scenes in immersive environments using head-mounted displays, improving spatial awareness and understanding of scene dynamics.		
	Custom UI and Controls: Develop interfaces to control playback, switch timelines, view metadata, or annotate scenes interactively during presentations or investigations.		
	Object Interaction Simulation: Model and demonstrate how different objects (weapons, tools, vehicles) interacted with the environment or individuals		
4.	Cloud Collaboration and Asset Management		
	Unity Cloud Integration: Securely store, access, and manage large 3D projects and forensic assets with version control and centralized storage		
	Unity Asset Manager: Organize digital evidence assets such as 3D scans, camera footage, and diagrams for reuse and reference across cases		
	Team Collaboration: Multiple experts (e.g., forensic analysts, 3D artists, law enforcement officials) can collaborate in a shared environment with change tracking and role-based access.		
5.	Diagnostics and Custom Reporting		
	Event Logging and Replay: Track changes and events during simulations to create timeline reports or forensic documentation.		
	Custom Report Generation: Export images, videos, or interactive content that can be presented in reports or submitted as legal evidence.		
	Real-Time Feedback and Testing: Observe behavior under various conditions (e.g., lighting changes, visibility angles) to support or challenge witness statements		
6.	Professional Learning and Support		
	On-Demand Training Resources: Access industry-aligned courses, scenario tutorials, and documentation tailored to simulation, legal visualization, and forensics.		
	Priority Customer Service: Technical support available for scene optimization, compatibility, and workflow setup for forensic applications		
7.	The vendor should provide a compatible workstation for smooth working of the software		
	Use Cases in Forensics and Law Enforcement		
	Crime Scene Reconstruction (homicide, traffic collisions, etc.)		
	Ballistic and Trajectory Analysis		
	Line-of-Sight Visualization		
	Eyewitness Scenario Replays		

	Courtroom Demonstrative Evidence		
	Training Simulations for Investigators
