NOTICE INVITING BID

National Forensic Sciences University (An Institution of National Importance), the erstwhile Gujarat Forensic Sciences University, is the Government of Gujarat's brainchild. It was established by the Hon'ble Prime Minister of India, Shri. Narendra Modiji, then Chief Minister of Gujarat in 2009, aimed to create professional experts in forensic sciences. At a juncture of spiking the number of crimes involving sophisticated technologies and much evolved modus operandi, there was a need for scientists and technocrats. Thereby, the resolution of such heinous crimes was more diligently possible. The Government of Gujarat has prudently considered this, and the university became a unique and first-ofits-kind academic institution dedicated to Forensic Sciences across the globe.

The National Forensic Sciences University (NFSU), with the status of an Institution of National Importance, declared by the Ministry of Home Affairs (MHA), Govt. of India, is the world's first and only University dedicated to Forensic, behavioural, cybersecurity, digital forensics, and allied sciences. The Government of India established it through the Act, 2020 (32 of 2020), to fulfil the acute shortage against the increasing demand for forensic experts worldwide.

In the broadest sense, forensic evidence is any item or information about a suspected crime that is considered to be relevant to an investigation to find the truth of the facts. This forensic evidence can be used for the incrimination and exoneration of a person brought forward as a suspect in a criminal case. There are various types of evidence, with physical evidence (such as glass and fibres) and biological evidence (such as blood, semen, and hair) being the most reliable.

National Forensic Sciences University (NFSU) invites sealed bids from experienced and eligible vendors for the turnkey work of design, supply, installation, testing, commissioning, and maintenance of a state-of-the-art multimedia production and live streaming **Media Centre** (studio) within the NFSU Gandhinagar campus. The facility will support institutional content creation, including news bulletins, podcasts, educational videos, and real-time live event streaming.

This studio will serve as a media and communication hub, enhancing NFSU's ability to disseminate scientific information, engage students and faculty, and communicate externally through curated podcasts, video stories, research interviews, Market research, advertising, Public opinion polling and academic event streaming.

National Forensic Sciences University Gandhinagar, invites online bids from reputed vendors/system integrators or their authorised vendors, having registered offices in India who can fulfil the criteria mentioned in the Bid document and have an adequate credential, for the for the turnkey work for establishing the Media Centre (Studio), Centre of Excellence for Education, Media Communication, Advertisement, casting, marketing, content and exhibits at NFSU Gandhinagar...

Interested parties may submit their sealed bids under a two-bid system per the technical specifications, General Terms & Conditions, and other formats mentioned in the bid.

1. Evaluation of Financial Proposal

- 1.1. In the second stage, the financial evaluation will be carried out as per this Clause. Each Financial Proposal will be assigned a financial score (SF).
- 1.2. For financial evaluation, the total amount indicated in the financial proposal will be considered.
- 1.3. NFSU will scrutinise the financial proposal as follows:

Score of Finance Bid (SF) = 100 x FM/F
Where FM = Lowest financial Proposal Amount
F = Amount of other Financial Proposal

2. Combined Evaluation of Proposal

- 2.1. Following completion of the evaluation of Technical and Financial Proposals, the final ranking of the Proposals will be determined. This will be done by applying a weightage of 0.70 (Seventy percent) and 0.30 (Thirty percent) respectively to the technical and financial scores of each evaluated qualifying Technical and Financial Proposals. The relevant combined total score for each agency's proposal will finally be ranked according to their combined technical scores (ST) as defined in clause 11.3 and financial (SF) scores as evaluated in clause 1.1 (of Annexure-7) as follows: S = (0.70*ST + 0.30*SF) where "S" is the combined score
- 1. The successful bidder will be decided based on the formula as above Financial Bid Sr. 1.
- 2. The total cost of the operation and Management will not be considered in the Financial Evaluation.
- 3. Price bid quoted by bidder will be final and inclusive of all taxes and charges. This price will be considered for payment and no additional payment will be made.
